Florida State Soccer

January 2024- December 2025

Graduate Assistant

- Used knowledge of global women's soccer to independently discover a player that was then signed for the team
- Took stats from matches and created many visualizations and metrics tailored to coaches and players
- Worked every day with players and coaches, doing tasks and projects to make their jobs easier and more efficient
- Filmed, clipped, and participated in practices daily to improve the training and film review efficiency for players
- Worked to become very familiar with the tools of the soccer analytics industry including Sportscode/Wyscout/Statsbomb
- Managed parts of equipment (balls, storage, pinnies, mannequins, cones and flats, etc...) both at home and on the road

Tallahassee Soccer Club

Spring 2022 & Summer 2023

Internship/Volunteer

- Ran the main camera feed for multiple matches, and filmed, edited, and uploaded content for the team's socials
- Kept live stats during matches that were reported to the league, and produced visuals related to additional stats
- Worked check-in and merchandise handout for try-outs and team events, and completed numerous jobs relating to preparing a facility for a match and for its next use

Full Court Analytics

Winter 2023 & Winter 2024

Freelance Work

- Main responsibility was tagging basketball games for coaches to review with their teams, included keeping stats for all players accompanied by video

Skills and Certifications

- Experienced in R and creating data visualizations and metrics in the program relating to soccer
- Experienced in Adobe Photoshop, Illustrator, InDesign, and Premiere Pro
- Ability to work with players and coaches, and work ethic to always look for jobs to help our program
- Licensed Drone Pilot under the FAA, certification passed in 2025 and practice drone operation weekly
- Experienced in Sportscode, Wyscout, and Statsbomb
- Experienced in the Microsoft family of programs (Excel, PowerPoint, etc.)
